

2026 - 2027

CORPORATE SPONSORSHIP PACKAGE

ABOUT COLORSTACK

ColorStack is a 501(c)(3) nonprofit with the mission to increase the number of Black and Latinx Computer Science graduates who go on to start rewarding technical careers.

Launched in 2020 and led by Founder Jehron Petty, a Computer Science graduate from Cornell University, we are the home for Black and Latinx college Computer Science students to find confidence, community, and career development.

ABOUT TAMU COLORSTACK

Founded in 2024, TAMU ColorStack is committed to supporting students pursuing careers in tech by building a strong and inclusive community.

We serve as a local hub for connection, growth, and opportunity throughout students' academic careers.

We provide access to internship listings, career development resources, and technical and professional workshops.

Mission and Vision

Increasing the number of Black and Latinx Computer Science graduates who go on to launch rewarding technical careers.

Our plan:

By hosting weekly events such as workshops, socials, and technical interview preparation, our members learn new technical skills, form and grow connections, and build a community, all in an environment where they can feel represented and included.

Letter from the 2026-2027 President

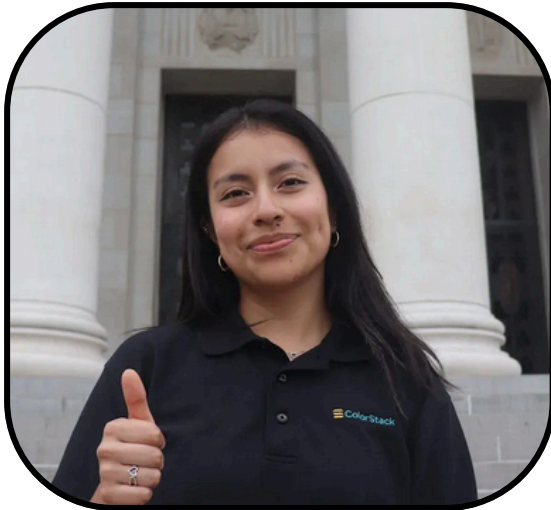

Despite lacking a background in Computer Science, ColorStack is where I found a community I grew to love. Initially, I joined with the intent of just trying something new. However, every event I attended added to my sense of welcome and belonging to a bigger community. The leadership of ColorStack were people I looked up to, whether it was for career or even life advice. I saw them as people I could trust, learn from, and rely on. As I serve this year as president, I hope my e-board and I can provide the same support to our members that was provided to me.

If these sponsorship tiers aren't what your company is looking for, contact us at tamucolorstack@gmail.com. We would love to work with you to create a sponsorship package that works for your company. We can also provide specific items at à la carte pricing if that suits your company's needs.

THANK YOU

We sincerely appreciate your generous sponsorship and your commitment to advancing diversity and inclusion in tech. Your support empowers our organization to make a meaningful impact while uplifting Black and Latinx excellence in Computer Science. We look forward to collaborating with you and keeping you updated on our progress as we work together to empower the next generation of tech leaders. On behalf of all of our members, thank you for helping make our initiatives and activities possible through your sponsorship.

Sincerely,

ColorStack at Texas A&M University
